Super Fresh

Super Fresh's lawyers
are deliberately withholding
information that is
relevant to the case.

- 1) Schedules (They produced
one schedule for 2-23-03
with just my name on it.
- 2) Contact information (people
I want contact with
they say is irrelevant to
the case, then they
give me 11 pages of contact
that is irrelevant to
the case. The people I
want contact with is
relevant to the case.

Without that I have
no chance, if I had
a lawyer they wouldn't
be able to do this to me!

And by the way what
right do they have
giving me 86 people's
names and social security
numbers?

How do I know they didn't give
my S.S. # to somebody else.
Judy Ender/Maden

I would send you
proof that they gave
me 86 people's names
and social security numbers
but I feel I would be doing
the same thing they did,
but if I have to, I can
produce them.
